

Workplace Health & Safety

Workplace Health and Safety is an integral part of our environment and we work hard to ensure that our school is a safe environment for our children, staff and parents. OLA complies with all the workplace Health and Safety requirements of legislation and Brisbane Catholic Education. The school has policies in place in regards to safety issues and the school environment is regularly inspected to ensure all safety issues are addressed. Staff, parents and children are encouraged to communicate with the WHS Committee any issues that may arise and if additional policies are required.

OLA has a Work Place Health & Safety School Officer dedicated to this area of work.
